Buses and Bus Routes

To locate your bus routes and times, please visit the website here:

<http://dcschools.com/index.php?id=500>

For the route locator to work you must be using Internet Explorer.

Please note that buses are not always on time during the first week of school as routes get shifted to accommodate fluctuating need at different locations. Please arrive to your bus stop early and don't be alarmed if the bus is running a few minutes behind.

If no bus has arrived after 10 minutes, please call the TAG office at 972-925-5970 and we will find out where the buses are and make sure we get one for you as soon as possible.
